

2025 伊丹国際クラフト展「ジュエリー」 2025 ITAMI International Jewellery Exhibition 作品募集

"ITAMI International Craft Exhibition", Itami's international open exhibition, is a source of pride for the city. Many of the prize-winning and selected artists are active around the world, and the exhibition has attracted attention from around the world as a gateway to success for jewellery artists.

Jewellery has ancient origins. Since ancient times, people have worn jewellery for a variety of reasons, such as amulets to give courage, energy, and confidence, to make themselves look beautiful and show high status, and as a way to express their hobbies and thoughts. We are looking forward works by artists living in the future that evoke a new era and a kind perspective on people, with the theme of jewellery that is deeply connected to people.
